How ALGO 360 Works

ALGO 360

1. The client opens a Live Forex Trading Cent Account with any broker of their choice.
2. The client deposits trading funds into their own account.
3. ALGO 360 connects its Automated Trading Robot (Algo System) to the client's account.
4. All trading activities are managed by the ALGO 360 robotic system.
5. Profit sharing is done on a performance-based model.

ALGO 360

Profit Sharing Model

✓ 50% of total trading profit is paid to
ALGO 360 System as a service fee.

✓ 50% of total trading profit remains with the client

> No profit, no service fee.

ALGO 360

ALGO 360

Commission & Income Structure

360

Distributor Benefits

- Can directly add Retailers
- Earns 20% commission from each directly recruited Retailer.
- The person who directly recruited user (whether they are Distributor or a Retailer) earns a commission from a amount returned to the system.
- Commission Rate: 20% of the amount to the system.

360

Commission Summary Table

Role	Income Source	Commission
Distributor	Direct Retailer Joining	20%
Distributor/Retailer	User Trading Profit (from user's 50%)	20%
ALGO 360	Trading Performance Fee	50%

Example Calculation:

Total Profit earned by User: 100
User keeps: 50
Returned to System: 50
Distributor/Retailer
Commission: 20% of \$50 = \$10
